Copy of D.Dis.18181/50 dated 1.5.51 from the Collector of Nellore to the Secretary to Government, Development Department through the Secretary, Board of Revenue, Madras.

Sub: Mining - Mica - P.L. Nellore) Rapur taluk - Inukurthi village S.No.301 Extent Ac.8.73 grant to Sri C. Ramanareddy report.

Sri C. Ramana reddy of Gudur applied for prospecting licence and Sri P. Ramachandra reddy of Nellore applied for mining leases over the same plot in S.No.301 of Inukurthi village of Rapur taluk. The application of Sri C. Ramanareddy was received on 29.8.50 and the application of Sri P.P. Ramachandra reddy was received on 11.9.50. According to rule 32 of the Mineral concession Rules 1949 preference should be given to the application of Sri C. Ramanareddy received first, and in this case the application of Sri C. Ramanareddy was received first and therefore should be preferred to the other application of Sri P. Ramachandra reddy. One of the applicants Sri P. Ramachand a reddy contended that the detected mica veins in an abandoned pit in this area, and kept a watch over it, but his contention does not hold good as he has no business to keep a watch over the Government land and claim priority for that reason. Had he really detected mica vein he should have applied earlier than the other applicant.

S.No.301 is classed in the village accounts as assessed unoccupied dry, measuring Ac.8-73. The extent was verified in the presence of the village officers and th applicants and they are satisfied with the measurements recorded. There are no vagus, paths, and channels etc. in the extent verified. There is a public road adjoining the western side of the plot and 50 yards margin has been left on its account. There is one temporary cart-track in the plot which branches off from the main donka of Mudigadu village as a short cut to the Rapur Nellore metal road. This is not plan marked and is used by the villagers temporarily as a short cut to Nellore Rapur road when there are no crops in the

contd.....p.3.

surrounding patta lands. There is a separate donka leading to the road from Mudigadu village and hence no margin has been left on account of the temporary cart track.

A special condition may be imposed that the licensee should not cut the palmyrah trees in the lease area without the permission of the Collector and should hand over the cut trees to the authorities concerned as ordered by the Collector.

I recommend that Sri C. Ramana reddy who is the first applicant in this case may be granted a prospecting licence for mica over an extent of Ac.7.09 in S.No.301 of Inukurthi village for a period of one year subject to the special conditions, a copy of which is enclosed. He paid the prescribed fee of Rs.50/- and his application for the renewal of his certificate of approval for 1951 was recommended in this office L.Dis. 7154/51 dated 2.4.51.

The application of Sri P. Ramachandra reddy for mining lease in the same plot may be rejected as he is the second applicant and Rs.700/- paid by him towards the application fees and preliminary expenses, may be refunded. The record of enquiry, application forms of both parties challans for Rs.750/- and two plotted sketches of the plot are enclosed. A copy of the special conditions to be imposed in this case is also enclosed.

Mines - Mining - Mica - Prospecting licence and mining lease (Nellore) - Rapur taluk - Inukurthi village - S.No. 301 - Extent 7.09 acres - Applications of Sri C. Ramana Reddy and Sri P. Ramachandra Reddi.

From the Board of Rev. ref. No.L.4360/51 dated 1.6.51

A.S.

Sri C. Ramana Reddi of Gudur has applied for the grant of a P.L. for Mica over an extent of 8.73 acres in S.No. 301 of Inukurthi village in Rapur taluk in Nellore district. He has paid the application fee of Rs.50/- prescribed in the rules. Sri P. Ramachandra Reddy of Kovur has also applied for the plot on a mining lease and has remitted a sum of Rs.200/- towards application fees and Rs.500/- towards deposit for preliminary expenses.

2. The Collector has reported that the application of Sri C. Ramana Reddi was received on 29-6-1950 while that of Sri P. Ramachandra Reddi was received by him only on 11-9-1950. It is however observed from the record of enqui, sent by the Collector that the application of Sri P. Ramachandra Reddi has been recieved by him at 1.p.m. on 7-9-195 and not on 11.9.50 as stated by him. According to rule 32 of the M.C.Rules if more than one application regarding the same land is received preference shall be given to the application received first unless the Provincial Govt. for any special reason and with the prior approval of the Central Govt. decides to the contrary. In the present case the application of Sri C. Ramana Reddi was received first and the Collector has therefore considered him to be th prior applicant.

3. The application of Sri C. Ramana Reddi is one for a P.L. while that of Sri P. Ramachandra Reddi is for a M.L. There is not specific provision in the rules as to whether any preference should be given to an application fo a mining lease over that of a P.L. But the Govt. of India in their letter dated 31.1.51 have instructed that an application for a mining lease should not have any preference over an application for a prospecting licence except in

2 f2428 24/14/6

cases of an area held on a lease by some one previously and is available for regrant. In the present case the area was not held by ~~application of~~ Sri P. Ramanchadra Reddi previously ~~for a mining leases is not one for renewal~~. In the circumstances it appears that the recommendations of the Collector and the Board that the app Sri C. Rama... ...ddi should be treated as the prior applicant is in order.

4. The Collector has reported that the area applied for on licence is classed as assessed unoccupied dry measuring 8.73 acres. He has stated that there are no vagus, paths, channels etc. except a public road adjoining the western side of the plot and that 50 yds. margin had been left. He has also reported that a temporary cart-track runs across the plot but that no margin need be left on its account because it is not plan marked and also because there is a separate donka to serve the purpose. The Collector has therefore recommended the grant of the licence to Sri C. Ramana Reddi over an extent of 7.09 acres subject to the conditions specified on p.5.c.f. and the Board has supported the Collector. The conditions proposed by the Collector are in conformity with the standard conditions approved by Govt. and may be accepted if it is decided to grant the licence.

In the above circumstances it is for orders whether the recommendations of the Collr. and the Bd. will be accepted and;-

(i) Sri C. Ramana Reddi will be granted a P.L. applied for by him subject to the conditions discussed above: &

(ii) the application of Sri P. Ramachndra Reddi will be rejected and the fees remitted by him will be refunded.
